

Downloading Quilt-EZ Update files using an Apple Computer

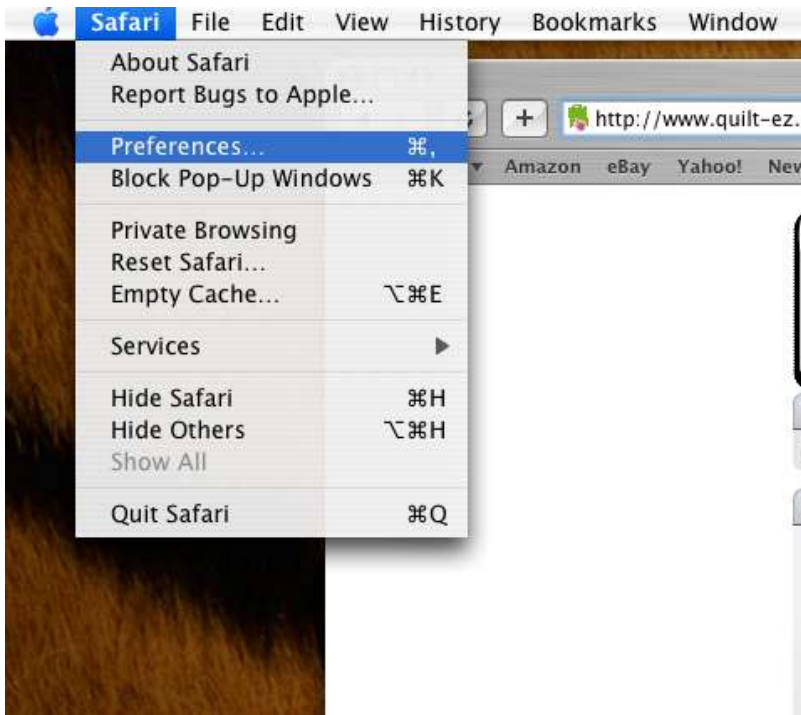

In order to use an Apple based computer to download files for updating Stitch Controllers and Robotic Motor Boxes from the Quilt-EZ website certain settings need to be modified in the Apple Safari Web Browser.

Steps:

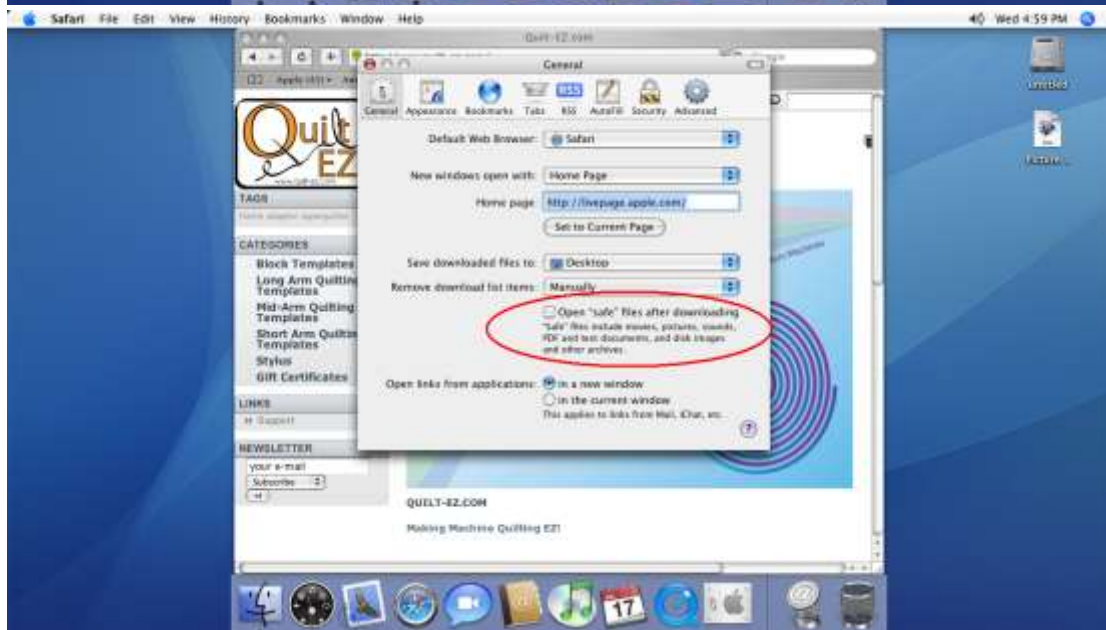

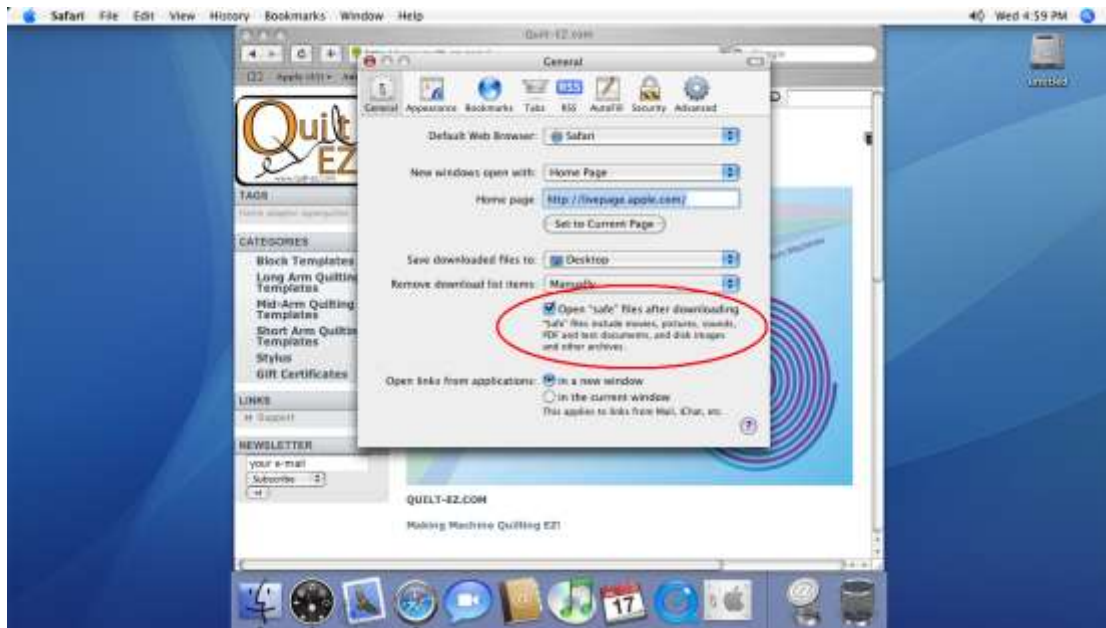

1. Open the Safari Browser

2. Go to the Toolbar and select "Safari", then "Preferences"

- Under the “General” tab unselect the box that says “Open “safe” files after downloading”.

- Close the window.
- You can now download the Quilt Machine update files.
